

Known as the most compact, full height tripod available today, the MAGIC 2 & the VIDEO MAGIC are tripods which photographers and video enthusiasts alike can take with them wherever they go, due to its compact size. When folded flat, the magic measures a mere 13 3/4 inches high x 1.5 inches thick! and can fit into the bottom pocket of many camera bags. Assembled in no time at all, it provides remarkable stability, even when fully extended. MAGIC 2 and VIDEO MAGIC can also be converted into full height Monopods....simply unscrew one of the legs and join it up to the removable center column. Our unique one-twist mechanism allows the tripod legs to lock at one quick turn of the topmost leg portion....another Cullmann exclusive. The entire tripod is anodized in a cobalt matte finish for reflection free photos. Of course, both the MAGIC 2 and the VIDEO MAGIC come equipped with a removable ballhead. (Quick Release & plate included w/ Photo version) Weight is only 2.5 lbs. Model No. CU-2722 List Price.....\$199.00

Mini Magic: A smaller sized MAGIC tripod with the same unique " fold flat" design as the MAGIC 2. Includes a sliding, reversible center column, with a ballhead. Small 8 1/2 length when closed, the MINI MAGIC extends to over 21 inches, yet weighs only 1.5 lbs. Model No. CU-2701 List Price.....\$99.00
